I'm sorry to send another email on this but I have revised this list to reflect the letter sent yesterday to the Corps notifying them that we are placing the Cargill jurisdiction on the Special Case list. No other changes have been made.

Hi Jane,

Attached are revised compilations of hot issues for the Administrator's visit to Santa Barbara 3/25-27. Mike, John and Nancy have been plugged in to many, but not all, of these changes. I've attached a clean version and a track changes version, if you want to see the updates, but in short:

- Rosemont updated/expanded;
- Drought emergency updated;
- Drought impacts in Santa Barbara County added;
- Off-shore oil and gas added;
- UIC updated;
- BDCP updated;
- Bay-Delta Water Quality Control Plan added;
- Cargill added;
- HI DWSRF removed;
- AS MAVD removed.

Some of these are rather lengthy (i.e., Rosemont, off-shore O&G) so let me know if you would like me to shorten, or if there are any other changes I should make. We are supposed to get this to Kelly by COB today.
